Program: 6:00pm - 7:00pm Registrations & Networking
 7:00pm - 7:45pm "Measuring Expatriate Return on Investment" by Yvonne McNulty
 7:45pm - 9:00pm Networking

The American Chamber of Commerce (AmCham) in Singapore and the Singapore Chinese Chamber of Commerce & Industry (SCCCI) are pleased to present a joint networking night set amidst the beautifully-preserved Chinese architecture of the University of Chicago Graduate School of Business (UCGSB). Join us for an informal night of cocktails with two of the largest chambers of commerce in Singapore.

As part of the evening, Ms. Yvonne McNulty will give a short presentation on "Measuring Expatriate Return on Investment." This is a particularly timely topic, as her study seeks to assess how managers in global firms define and assess return on investment (ROI) by companies who post expatriates abroad. Are companies really getting their money's worth and helping to further their internal leadership building when posting expatriates abroad, or are they at risk of losing this talent when the employees return to their home countries?

AmCham has nearly 2,700 members representing over 520 American, Singaporean, and other international companies doing business in Singapore.

SCCCI has a membership network of 121 trade associations and 4,000 corporate entities including large financial and business organisations, multinational corporations, government-linked companies, small and medium enterprises from a wide spectrum of trades and industries.
